SQUARE BACK BOOKLET MAKER

SQ320

The most affordable square back booklet maker available.

It will fold, staple and square the spine in one simple operation. The finished booklet has the look of a high quality perfect bound book adding value to the finished product. It handles the widest variety of booklet sizes and thickness.

FEATURES

Dual staple heads standard with options of up to 4 heads for a wide variety of booklet size (2 stapling heads are included in the machine).

Digital control panel will let you set automatically the paper length and square spine level (5 levels) making this machine user friendly and flexible for any kind of job. Standard staples or loop staples can be used (deactivate the square-back function in this case). Can be operated in manual or automatic mode.
